

UCAS Tariff point allocation for T Levels

This short guide aims to provide Higher Education Providers with all the information required to understand the allocation of Tariff points to fully-achieved- and partially achieved T Levels.

The exam levels for the different parts of the T Level are:

TL	Overall Grade
TM	Core Component
TN	Specialism
42	Industry Placement

Fully achieved T Level

Learners who achieve their full T Level are eligible to receive the following points, based on the **Overall T Level grade**:

Overall T Level Grade	Points
D*	168
D	144
M	120
P (A*-C)	96
P (D-E)	72

How do I know which T Level students are eligible for these points?

The “Overall grade” you receive from UCAS through ABL will contain one of the following values:

- D*
- D
- M
- P

If the overall grade is “P”, how do I know if the learner has 72 or 96 points?

You will need to check the grade for the Core Component, which will be shared with you through ABL:

Overall grade P + Core grade A*/A/B/C = 96 points

Overall grade P + Core grade D/E = 72 points

Partially achieved T Levels

Tariff points for partially achieved T Levels are based on the weighting of the component parts of the technical qualification.

There are currently two different proportional splits:

- 1) Core component and Occupational Specialism are worth 50% each.
- 2) The Core component makes up 40% of the weighting and the Occupational Specialism makes up 60%.

Partially achieved T Level Tariff points are awarded in the following scenarios:

- 1) Learner has achieved their Core component **AND** Industry Placement (IP)
- 2) Learner has achieved their Occupational Specialism **AND** Industry Placement

Proportional split 50/50

Proportional split 40/60

Core 50% + IP	Specialism 50% + IP	Core 40% + IP	Specialism 60% + IP
A* - 84	D - 84	A* - 67	D - 101
A - 72	M - 60	A - 58	M - 72
B - 60	P - 38	B - 48	P - 58
C - 48		C - 38	
D - 36		D - 29	
E - 24		E - 19	

How do I know if a learner is eligible for these points?

The “Overall grade” you receive from UCAS through ABL will have the following value:

- PA (which stands for Partially Achieved)

How do I know if the learner has achieved their Industry Placement?

UCAS will send you a “grade” for the Industry Placement through ABL:

- “P” indicates the Industry Placement has been completed.
- “PC” (Partially completed) or “NC” (Not completed) indicates the IP has not been achieved.

A learner has completed their Core component and Occupational specialism but not their Industry Placement – do they receive Tariff points?

In this scenario the learner does not receive Tariff points.

Partially achieved Tariff points are only awarded in the following scenarios:

- 1) Learner has achieved their Core component AND Industry Placement
- 2) Learner has achieved their Occupational Specialism AND Industry Placement

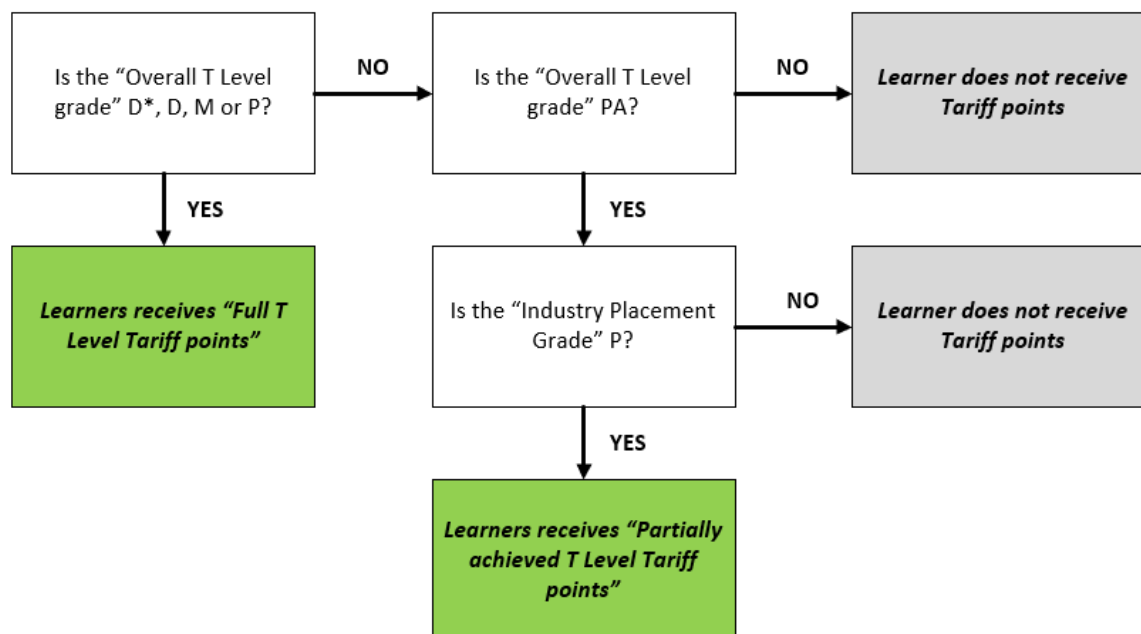

How to locate the correct points for Partially Achieved T Levels

You do not need to know the weighting of a T Level to work out the correct points because UCAS has listed all T Levels separately in the Tariff Tables. This means you just need to search for the T Level by subject, or by its QAN, to locate the correct points.

- 1) Download a copy of the Tariff Tables from [ucas.com](https://www.ucas.com/providers/our-products-and-services/qualification-information-services/ucas-tariff) here:
<https://www.ucas.com/providers/our-products-and-services/qualification-information-services/ucas-tariff>
- 2) When the spreadsheet has opened, use the right arrow to locate the “T Level Partial Achievement” tab:
The image shows a horizontal tab bar from a spreadsheet application. It contains three tabs: 'TARIFF SCOTLAND', 'TARIFF POINTS BENCHMARK', and 'T Level Partial Achievement'. The 'T Level Partial Achievement' tab is highlighted with a green underline and a yellow background, indicating it is the active tab. Navigation arrows (left and right) are visible on the left side of the bar.
- 3) You can search for the T Level by subject or QAN. The weighting is also provided for your information.

QAN	Title of T Level	Owner Organisation	Weighting of Core/Specialism	Grade	TARIFF POINTS
	FULL T LEVEL ACHIEVED	Various	N/A	D*	168
	FULL T LEVEL ACHIEVED	Various	N/A	D	144
	FULL T LEVEL ACHIEVED	Various	N/A	M	120
	FULL T LEVEL ACHIEVED	Various	N/A	P (A*-C)	96
	FULL T LEVEL ACHIEVED	Various	N/A	P (D-E)	72
610/0007/9	Accounting (Core component and Industry placement only)	Pearson	40/60	A*	67
610/0007/9	Accounting (Core component and Industry placement only)	Pearson	40/60	A*	58
610/0007/9	Accounting (Core component and Industry placement only)	Pearson	40/60	B	48
610/0007/9	Accounting (Core component and Industry placement only)	Pearson	40/60	C	38
610/0007/9	Accounting (Core component and Industry placement only)	Pearson	40/60	D	29
610/0007/9	Accounting (Core component and Industry placement only)	Pearson	40/60	E	19
610/0007/9	Accounting (Occupational specialism and Industry placement only)	Pearson	40/60	D	101
610/0007/9	Accounting (Occupational specialism and Industry placement only)	Pearson	40/60	M	72
610/0007/9	Accounting (Occupational specialism and Industry placement only)	Pearson	40/60	P	58
